PEREGIAN SPRINGS: NEW LAND RELEASE

The latest land release within Peregian Springs master-planned community is attracting strong attention, with more than 70 per cent of the 32 blocks under contract.

FKP Property Group General Manager Land, Bryan Jackson said the new blocks provided great opportunities for architects and builders to create homes ideal for the Sunshine Coast lifestyle.

“The new land release has created a great deal of interest both locally and interstate. People are realising this may be their last opportunity to buy in a well established coastal community at this price.”

“Most of the blocks are north facing and elevated, providing wonderful views,” Mr Jackson said.

More than \$250 million worth of land has been sold since construction commenced on the 300 hectare project in 2000.

Today the master-planned community encompasses residential development, community facilities and the Aveo Peregian Springs Country Club. The community is established on a backdrop of preserved vegetation, surrounding Peregian Springs Golf Club and situated within minutes of pristine coastline.

Facilities for residents and the surrounding community are rapidly expanding, with a proposed \$2.5 million retail and commercial precinct set to open within the estate. A country club, including a swimming complex and spa facilities are also in the pipeline.

A variety of home sites are available from \$245,000 ranging in size from 500 sq m to 900 sq m, many adjacent to forest locations and offering superb golf course views.
